

SCANX[®] 14 IN-COUNTER DIGITAL IMAGING SYSTEM

ScanX In-Counter now features In-Line Erase.

THE ALLPRO SCANX 14 IN-COUNTER DIGITAL IMAGING SYSTEM PRODUCES DIAGNOSTIC QUALITY IMAGES, READY FOR VIEWING IN JUST 55 SECONDS. IF YOU'RE READY TO STEP UP TO A COMPUTED RADIOGRAPHY SYSTEM, THE SCANX 14 IN-COUNTER SYSTEM IS AN EXCELLENT SOLUTION FOR SPACE CONFINED INSTALLATIONS.

- ✓ Use your existing X-Ray equipment to expose a reusable Phosphor Storage Plate, the same way you expose film.
- ✓ Never again deal with film, chemistry, processor maintenance or duplicating. No need for a darkroom. The ScanX 14 In-Counter operates in normal room lighting.
- ✓ Enhance images with supplied imaging software to maximize the diagnostic information.
- ✓ Digital file storage and archiving saves you time and space. Retrieve and review patient x-rays, send to a colleague, or save images on a CD.
- ✓ Scan and erase phosphor plates in one continuous cycle. In-Line Erase saves time and simplifies your imaging process.

The ScanX 14 In-Counter system is sold, installed and serviced through ALLPRO Imaging's long standing nationwide network of authorized dealers. Consult with your local dealer representative for details. To locate your authorized dealer, call direct: 800-247-8324, ext 5611.
